~~Dear Sir,~~ We have no
~~I shall thank you to furnish a~~ descriptive
report of your topographic sheet 2309, Salt Lake base
line, registered June 9th, 1898.

Respectfully yours,

~~Superintendent~~

Mr. Burdick:

This tracing forms part of the "Salt Lake
Base Measure" & should be treated as such. It was a
mistake of mine to turn it in separately. I ought to be
folded & put within the ^{original} Quarts Vols - Record of the Base
Measurement. I have duplicates of this sheet - one
tracing & do. - blue print - which are being furnished for
the Duplicate Record of the "Base Measure". I will see
you about this presently.
