Superintendent,

Coast and Geodetic Survey,

Sir:

Yours of the 27th ultimo, relative to topographic sheet No. 2316, Shoreline of Chesapeake Bay, Granburg Point to Thomas Point, has been received.

I beg to state that this sheet was from the hands of Assistant J. B. Boutelle, while in command of the Schr. "Matchless" in the Summer of 1898. It is a shoreline sheet and I do not suppose any descriptive report was furnished.

Yours respectfully,

(Signed) Herbert G. Ogden,

Inspector of Hydrography and Topography.

Sir:-

With reference to original plane table sheet No. 2316, permit me to say that this piece of shore line was run in ~~before~~ the hydrography, by Assistant Boutelle in 1898, and the topography has since been added on another sheet by Assistant Flemer in 1899, and a detailed report to accompany the sheet is not necessary.

Yours respectfully,

John D. Smith
Inspector of Hyd'y and Top'y.
