Topog. Sheet No 2369

51489

Descriptive Report.

Title:

U.S. Coast & Geodetic Survey
H. L. Pritchett, Sup. W.

Topography of Mouth of
Sassafas River, Maryland.

by Party of H. L. Maundin, Asst.
Schooner "Eagle"

October, 1898.

Scale $\frac{1}{10,000}$

NOTE.

Plane table shore line of North side by
H. L. Maundin, Asst.

Plane table shore line of South side by
Geo. L. Flower, Asst.

Miles of shore line $16\frac{1}{2}$

This topog. survey was carried on simultaneously
with the Hydrographic work shown on sheet

The main important feature is the Steam boat
landing at the town of Beltsville, as only the shore line
and bluff line are indicated no written description could

portray their features, as well as an inspection of
the sheet.

The shores are a succession of bluffs and
low places, under cultivation in most places
to the edge of the water.
