DESCRIPTIVE REPORT.

Topographic Sheet No. *2497*

LOCALITY:

St. Michael

1900.

CHIEF OF PARTY:

J. J. Gilbert

2497

DESCRIPTIVE REPORT.

Topography of Norton Sound.

Sheet No. 9.

Re-Survey of St. Michael, Alsk.

Scale = 1-10,000.

52373

While the crew were busy trying to haul out the Yukon, Mr. Frisby made a re-survey of the town of St. Michael, in order to show the additions made since the last survey, -and, more especially, the new Army barracks, offices, store-houses and officers quarters, then in process of erection. New foundations were being laid every day, and we know that several were begun after this survey was finished, so that it is not complete.

Assist: C. & G. Survey, Chief of Party.
