DESCRIPTIVE REPORT

To accompany topographic sheet "B", station KAHE to Puu Huhu, Oahu, T.H.
Eoline R. Hand, Chief of Party.

This sheet continues the close detail survey, and shore investigation, for military purposes, as outlined in my Report for sheet "A". As previously stated, nothing was desired beyond the shoreline: what points and sections above it have located were made with the idea of providing a convenient tie for the military surveys, or others, that are to follow. I can add little or nothing to the information furnished on the sheet.

The control at the south end is from trig. station KAHE. At the north end of this sheet signal "End" furnishes the control. End was a careful three point location on a 1:10000 scale projection, from trig. stations, and then transferred to the present sheet: but previously a stadia traverse was run to "End" from station KAHE. The two positions were practically coincident.

Eoline R. Hand.

U. S. COAST AND GEODETIC SURVEY

WASHINGTON, February 12, 1925.

SECTION OF FIELD RECORDS

Report on Topographic Sheet No. 4076

Kahe Pt. to Puu Hulu, Oahu

Surveyed in 1924.

Instructions dated August 31, 1923.

Chief of Party, E. R. Hand.

Surveyed and inked by E. R. Hand.

1. The records as well as the plan and character of the work conform to the requirements of the General Instructions.
2. The plan and extent of the survey satisfy the specific instructions.
3. The junction with the adjacent work is satisfactory.
4. No further surveying is required within the limits of the sheet.
5. The character and scope of the surveying and field drafting are excellent.
6. Reviewed by E. P. Ellis, February, 1925.
