WASHINGTON September 24, 1925.

SECTION OF FIELD RECORDS

Report on Topographic Sheet No. 4120

Vicinity of Barber's Pt., Oahu, H.I.

Surveyed in 1925.

Instructions by U. S. Army.

Chief of Party, E. R. Hand.

Surveyed and inked by E. R. H.

1. The records conform to the requirements of the General Instructions, except that no information is given as to how the work was oriented on the projection. This is important in view of the fact that only one triangulation point falls on the sheet.
2. The plan and character of the survey conform to the requirements of the General Instructions.
3. The junction with the adjoining contemporary survey is satisfactory. The junction with the survey of 1911 is also good.
4. No further surveying is required.
5. With the exception of the omission noted in paragraph 1 the character and scope of the surveying and field drafting are excellent.
6. Reviewed by E. P. Ellis, September, 1925.
