DESCRIPTIVE REPORT

TO ACCOMPANY TOPOGRAPHIC SHEET (FIELD NUMBER A 1)

Project: H.T.206

Instructions: Telegraphic, dated June 22 1935

Topographic sheet A 1 was to locate signals for control of Wire Drag surveys in the vicinity. No other work was done on the sheet.

Stations Man, Fred, and Mid were located by topography and later located by triangulation.

There was only one short traverse run, beginning on a three point fix, taken on triangulation stations. It was run to stations Barn and Spit and their locations were checked by cuts on two triangulation stations. The remaining stations were located by three or more cuts from triangulation stations.

Respectfully submitted,

*H.G. Conerly*  
H.G. Conerly, Afd C. & G.S.

Approved and forwarded,

*F.H. Hardy*  
F.H. Hardy Chief of Party.
