CHIEF OF PARTY:
Descriptive Report
Topographic Sheet 111114
Revision of Topography Coast of Maine
Cape Elizabeth to Portland Head.

This revision was made, during the year 1913.
Changes are indicated on a print of the original sheet, by erasures and lines in red.
The print of the original sheet was carried into the field, and with tracings from the print, the area was gone over, noting changes and additions.
Additions to towns, and groups of houses near the shore, were plotted from reductions of Maine Steamship Company's plans, which were carried over the areas shown, and connected with the old topography by angles and distance, drawn from identified features on the old sheets. The streets are conventionalized, though the houses in the main accurately, shown in true position.
Main lines of travel and road leading out from the shore line were noted, but by roads, fence lines, and detached houses away from the shore, are shown only when no additional effort was required to obtain their position.
Electric and steam roads, are indicated, the former
