SECTION OF FIELD RECORDS

Report on Topographic Sheet No. 4351

Makua to Kaena Pt., Oahu

Surveyed in 1926

Chief of Party, E. R. Hand.

Surveyed and inked by E. R. H.

1. With the exception of a list of positions, no descriptive report was submitted with this sheet.
2. As this work was done for the Army, no specific instructions for it were given by this office.
3. The character of the work conforms to the requirements of the General Instructions.
4. As the Army desired only the shoreline the survey evidently satisfies their requirements, but for cartographic purposes the railroad should have been completely shown, as it does not appear on any other survey.
5. The junctions with adjoining surveys are adequate and no additional surveying is required.
6. The surveying and field drafting are excellent.
7. Reviewed by E. P. Ellis, July, 1928.

Approved:

K. T. Adams
Chief, Section of Field Records (Charts)

J. B. Borden
Chief, Section of Field Work (H. & T.)
